Re: EPA April 11, 2011 Comments on BHHRA Risk Tables and Calculations (Lower Willamette River, Portland Harbor Superfund Site, USEPA Docket No: CERCLA-10-2001-0240)

Chip and Kristine:

Attached is LWG's response to EPA's April 11, 2011 comments on the BHHRA Risk Tables and Calculations. Thank you for working with the LWG to clarify some of these comments. It is the LWG's understanding based upon our discussions and EPA's email clarifications that the proposed modifications to the BHHRA set forth in these responses will satisfy EPA's directive comments, and therefore there is no need for the LWG to dispute any of the comments. If, however, you disagree with the LWG's understanding of the agreed resolution, the LWG requests that you extend the deadline for the LWG to invoke a dispute to 14 days following your written notice of such disagreement.

Sincerely,
